Environmental Toxicology and Chemistry (1 November 2018–31 October 2019)

In recognition of the vital role that reviewers in the peer-review process, Environmental Toxicology and Chemistry (ET&C) thanks the following scientists and engineers, who reviewed manuscripts for the journal between 1 November 2018 and 31 October 2019. They have volunteered many hours to provide detailed comments, helpful suggestions, and insightful analysis, and we greatly appreciate their constructive reviews and willing assistance. Without their help, the editor-in-chief, editors, and editorial board would be unable to maintain the scientific standards of ET&C. We applaud their generosity in sharing their expertise and urge all scientists to participate by going to http://mc.manuscriptcentral.com/etc and providing their expertise.
